

## **Appointment of Chief Technology Officer (CTO)**

### **Job brief**

We are looking for an experienced Chief Technology Officer (CTO) to oversee the information technology (IT) department of KCBL. He/She will be the one to devise the bank's IT strategy and ensure that all systems necessary to support its operations and objectives are in place.

The CTO must have a solid IT background and consistently keep up-to-date with advancements of the field. Apart from his/her education and experience, he/she must have every quality of a leader with a strong strategic and business acumen.

The goal is to ensure that information technology adds the maximum value to our bank so as to facilitate the success of the bank.

### **Responsibilities**

- Set objectives and strategies for the IT department
- Suggest and implement suitable technology to streamline all internal operations and help optimize their strategic benefits
- Design and customize technological systems and platforms to improve customer experience.
- Plan the implementation of new systems and provide guidance to IT professionals and other staff within the organization
- Arrange purchases of technological equipment and software and establish partnerships with IT providers as per procurement policy.
- Oversee the technological infrastructure (networks and computer systems) in the organization to ensure optimal performance and multi tiered data security.
- Direct and organize IT-related projects
- Monitor changes or advancements in technology to discover ways the bank can gain competitive advantage
- Analyze the costs, value and risks of information technology to advise management and suggest actions

### **Requirements**

- M.Sc in Computer Science, Financial Engineering or relevant field.
- Proven minimum 5 years experience as CTO or similar managerial role with a financial institution.
- Excellent knowledge of IT systems, data security and infrastructure
- Background in designing/developing IT systems and planning IT implementation
- Solid understanding of data analysis, budgeting and business operations
- Superior analytical and problem-solving capabilities
- A strong strategic and business mindset

- Excellent organizational and leadership skills
- Outstanding communication and interpersonal abilities
